## 3<sup>rd</sup> Edition of Global Biotechnology Conference

September 16-17, 2022 Hyderabad, India

### *Invitation for Sponsors & Exhibitors*

We are delighted to invite sponsors and exhibitors to participate in the 3<sup>rd</sup> edition of the **Global Biotechnology Conference (Global Biotech-2022)** which is going to be held during **Sep 16-17, 2022**, in **Hyderabad, India**. Reignite innovative conferences conducting this event.

PS: <https://globalbiotech.thereignite.com/>

Through our conference platform, we are providing exhibition opportunities to various bio industries to expand their business network. We design our programming with your business initiatives in mind. By creating focused, scientific agendas, we provide you with a progressive venue to reach the industry professionals vital to your company's success.

Different levels of sponsorship will enable you to access special services chosen to promote your company. Whether you're targeting the entire conference, topic-specific communities, or individual, high-level decision-makers, we offer a variety of methods to access our esteemed delegation.

Global Biotech-2022 team is committed to providing you with all the required support for your participation in our conference.

Looking forward to your kind participation.

With best regards

Rajeshwar

## Conference Objective and Scope

In this present decade biotechnology simply raises the capability to a new level of precision. Like earlier technologies, biotechnology promises to provide many advantages, especially in three broad categories: environmental protection, higher yields, and improvements in human health.

The objective of the conference is to provide a platform to share knowledge of cellular and biomolecular processes to create technologies and products that help improve our lives and nature.

Global Biotech-2022 gathers all eminent speakers and academic faculty, research students, entrepreneurs, industrialists, and business delegates who have a keen interest in biotechnology.

The scope includes, but is not limited to:

- ❖ Computational and Structural Biotechnology
- ❖ Biotechnology and Applied Biochemistry
- ❖ Genetic Engineering
- ❖ Medical Biotechnology
- ❖ Plant Biotechnology
- ❖ Food Biotechnology
- ❖ Genomics
- ❖ Environmental Biotechnology
- ❖ Animal Biotechnology
- ❖ Pharmaceutical Biotechnology
- ❖ Bioprocess Technology
- ❖ Microbial and Enzyme Technology
- ❖ Nano Biotechnology
- ❖ Applied Microbiology
